

# Matteus Barbosa dos Santos

 matteus.dev | Senior Web Developer @ Flatiron

Olá!

I've started my career in T.I. when I was 16, delivering visit cards and flyers – informing – about my services to local businesses. Interested in business and technology since I was a teenager, I graduated in Computer Science from EPSA and graduated in Information Systems from PUC Minas and I have been working solving business problems using web and mobile technologies.

Informatics Technician, Informatics  
(fev 2012 - jul 2013)

Introduced to a wide variety of technologies for network and programming.

## EDUCATION REFERENCE

### Saulo Pinto

Teacher & Supervisor for Capstone Project  
I supervised Matteus in his Course Completion Work (TCC) in two consecutive semesters (2016-2 and 2017-1). He showed resourcefulness and autonomy in the research and development of a hybrid app for Android. TCC was designed the way it should be: I just pointed directions and it proceeded quickly to reach the targets and the end result. It was really nice to work with him!

## FEATURED EXPERIENCE

### Flatiron

Senior Web Developer  
(ago 2022 - Presente)

Redux · GraphQL · Python · Docker · Node.js · Frameworks PHP · TypeScript

## COMPANY REFERENCE

### Rajat Dhanuka

Tech Lead

It is a pleasure to have the opportunity to recommend Matteus. I was his immediate supervisor here at Symplicity and worked with him on our software development team for over two years. Matteus is sincere and passionate about solving problems and dealing with customer related issues. [...]
